

# Have you booked your COVID-19 Vaccination?

Protect yourself, your colleagues, your Whānau and community

**It's easy and it's important**

Just scan the QR code to the left today  
to make your booking

As you are in group one, you can book now.  
Your booking code is **MPDE83WXXX**

## How to book your COVID-19 Vaccination:

Go to [bookmyvaccine.nz](https://bookmyvaccine.nz)

Follow the prompts and book your appointment. Make sure you book your second appointment 3 weeks after your first vaccination.

---

## How to book your COVID-19 vaccination by phone:

Call 0800 28 29 26 between 8:00am - 8:00pm, 7 days a week. Let them know that you are in group 1 and they will help you book in your appointment.

# Your COVID-19 Vaccination

## Border workers

Strengthen our border by protecting all of the people who work there.

### How does the vaccination order affect me?

From 15 July it became mandatory for border workers (air and port) to be vaccinated.

### Why I should get vaccinated

When you get vaccinated you're not just protecting yourself. You're also doing your bit by reducing the risk of passing on COVID-19 to others.

**The COVID-19 vaccine is free, and available to you now.**

To prevent the virus coming into our communities, we must continue to strengthen our border by protecting all of the people who work there. Workers at MIQ facilities and at our borders are at the greatest risk of exposure to COVID-19.

### Who must get vaccinated

All workers who are required to be tested for COVID-19 on either a 7-day or 14-day schedule will now also be required to get vaccinated.

#### This applies to people working at:

- managed isolation and quarantine facilities (MIQFs) and managed isolation facilities (MIFs)
- airside area of affected airports and some other higher-risk work at airports
- affected ports
- accommodation services where specified aircrew members are self-isolating.

#### It also includes people doing work:

- that involves handling affected items removed from ships, aircraft or MIQFs or MIFs, and
- where the job is for a company that is routinely engaged to provide services for an aircraft, ship, MIQF or MIF, and
- where the person 'has contact with' people who belong to different groups in the order.

### When must I be vaccinated by?

All government border workers must have had their first dose by **26 August 2021**.

- Privately employed border workers must have had their first dose by **30 September 2021**.
- After the dates above, any new workers covered by the order will need to have their first dose before starting work. This applies to government and private business employees.

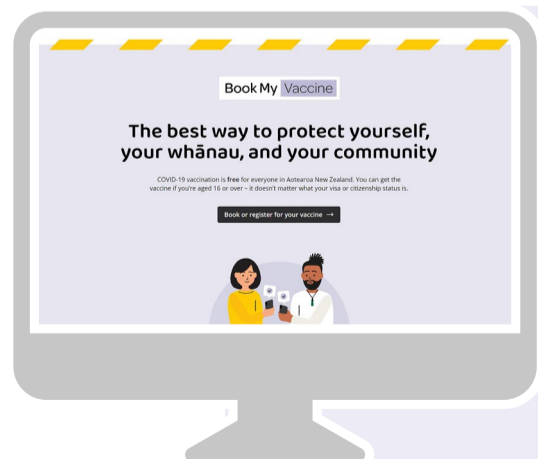

### Where can I get vaccinated?

You can get vaccinated at any of the Community Centres in Auckland, at one of the many GPs offering vaccination or at a pharmacy offering vaccinations.

For a list of sites visit [immunisation.northernregion.health.nz](https://immunisation.northernregion.health.nz)

Use this tool to find out if a worker must get vaccinated: [covid19.govt.nz/covid-19-vaccines](https://covid19.govt.nz/covid-19-vaccines)

### How I can book my vaccination

You can book online by visiting [bookmyvaccine.nz](https://bookmyvaccine.nz)

As you work through the questions online, you'll be asked if you're in Group 1, 2 or 3. If you work at the airport, you are in Group 1 as you are classed as a border worker. Please select 'yes' for this question.

The system will allow you to book your vaccination appointment, and you can select a location that is convenient for you and find the available appointments at that location.

You can also call **0800 28 29 26** to book your vaccination.

If you need help email: [bordersectorvaccinations@health.govt.nz](mailto:bordersectorvaccinations@health.govt.nz)

## Why do I need to get vaccinated?

When you get vaccinated you're not just protecting yourself. You're also doing your bit by reducing the risk of passing on COVID-19 to your work colleagues, your whānau, friends and community.

**The COVID-19 vaccine is free, and available to you now.**

To prevent the virus coming into our communities, we must continue to strengthen our border by protecting all of the people who work there.

Alongside workers at MIQ facilities, workers at our ports and border are at the greatest risk of exposure to COVID-19.

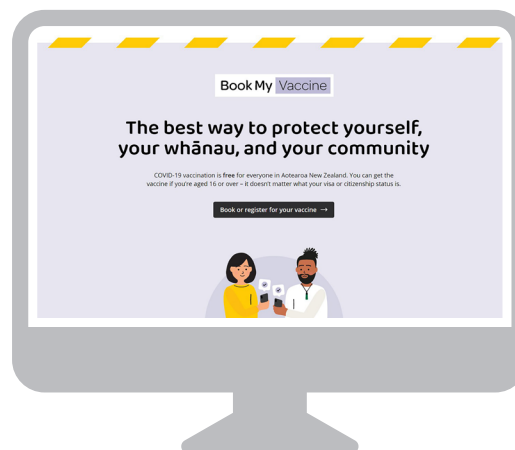

### How does the Vaccination Order affect me?

On 1 May 2021, it became mandatory for certain border workers and Government officials working at the border or an MIQ facility to be vaccinated against COVID-19.

From 15 July 2021, it became mandatory for most border workers (air and port) to be vaccinated.

This is required by new legislation. The COVID-19 Public Health Response (Vaccinations) Amendments Order 2021, which came into effect at 11:59pm on 14 July.

## How can I book my vaccination?

You can book online by visiting [bookmyvaccine.nz](https://bookmyvaccine.nz)

As you work through the questions online, you'll be asked if you're in Group 1, 2 or 3.

As a border worker, you are in Group 1.

Please select 'yes' for this question.

The system will allow you to book your vaccination appointment, and you can select a location that is convenient for you and find the available appointments at that location.

You can also call **0800 28 29 26** to book your vaccination.

# Border workers Your COVID-19 Vaccination

*Strengthen our border by  
protecting all of the  
people who work here.*

## Who must get vaccinated?

All workers who are required to be tested for COVID-19 on either a 7-day or 14-day schedule will now also be required to get vaccinated before they perform that work.

The expanded order applies to people working at:

- managed isolation and quarantine facilities (MIQFs) and managed isolation facilities (MIFs)
- airside area of affected airports and some other higher-risk work at airports
- affected ports
- accommodation services where specified aircrew members are self-isolating.

It also includes people doing work:

- that involves handling affected items removed from ships, aircraft or MIQFs or MIFs, and;
- where the job is for a company that is routinely engaged to provide services for an aircraft, ship, MIQF or MIF, **and:**
- where the person 'has contact with' people who belong to different groups in the Order.

## When must I be vaccinated by?

All government employees must have had their first dose by **26 August 2021**.

Privately employed border workers must have had their first dose by **30 September 2021**.

After the dates above, any new workers covered by the Order will need to have their first dose before starting work. This applies to government and private business employees.

## How will the bookings work?

If you have not already been invited to book, your employer or Person Conducting a Business or Undertaking (PCBU) must enter your details in the Border Workforce Testing Register (BWTR).

The BWTR will send your details to your local district health board (DHB). They will then contact you about booking your vaccination appointments.

DHBs will prioritise bookings for affected workers who are not yet vaccinated.

If you need help email:  
**[bordersectorvaccinations@health.govt.nz](mailto:bordersectorvaccinations@health.govt.nz)**

## Where can I get vaccinated?

You can get vaccinated at any of the community vaccination centres in Auckland, at one of the many GPs offering vaccination or at a pharmacy offering vaccinations.

Check out our community vaccination sites at **[immunisation.northernregion.health.nz](https://immunisation.northernregion.health.nz)**

# Pati'anga kia na roto mai i te au ngai Patia'anga drive-through

Te tu'era nei te tika'anga ki te iti tangata Patipika, kia aere atu na roto i te au ngai patia'anga drive-through, me kare oki koe i patia ia ake.

**Park and Ride, Verissimo Drive, e pera te ngai akato'anga pairere i Akarana.** Ka tu'era I te ora 8.30 i te popongi ki te ora 4 i te aiai.

**Te Trust Arena i runga i te Atereti 65-67 Central Park Drive, i Henderson.** Ka tu'era i te 8:30popongi ki te 3:30 I te aiai.

## Tapa'o mai na runga i te Kupe roro uira

1. Atoro atu i te kupe roro uira [bookmyvaccine.nz](http://bookmyvaccine.nz)
2. Me ui'ia mai te code, patapata atu i te **SSG8TAHIGU**

## Ringi atu no te Tapa'o'anga I toou tuatau patia

Ringi atu i te numero no te Patia'anga Paruru o te iti tangata Patipika **0800 21 12 21**

## Aere Ua atu ma te kore e Tapa'o'anga

Ka rauka katoa ia koe i te aere ua atu ma te kore e tapa'o'anga no toou patia, inara, ko teia taau code ka apai atu, me ui'ia mai te reira kia koe: **SSG8TAHIGU**

## Eaa te ka anoano'ia kia kite koe

- Apai mai i toou ngutuare tangata me aere mai koe, e ngari ra oki kia akanoo rai e, e 4 'ua tangata i roto i te motoka. Ka tau te au tangata katoatoa i Aotearoa nei, e 12 mataiti e ara atu, kia patia'ia. Kare e anoano'ia kia kitenā ia atu e, me e tikaanga toou ki Aotearoa nei, me kare.
- Auraka e aere atu e, e tai ua tangata i roto i te motoka ki te au ngai drive-through. Ka anoano'ia tetai tangata ke atu, takake mei ia koe, ki roto i te motoka (tangata kua patia'ia me kore, kare i patia'ia). Me ko koe anake ua to roto I te motoka, kare matou e patia ia koe.
- Ka anoano'ia koe kia na runga atu i te motoka. Kare e akatika'ia te aronga na runga i tetai ua atu tu pātikara.

### Auraka e aere atu ki te Drive-through me:

- Te kite ra koe i te au akairo o te Covid i runga ia koe.
- Me i aere atu ana koe na tetai au ngai, i aere ia ana e tetai tangata maki Covid.
- Me i piri vaitata atu ana koe, me kore tetai i roto i toou ngutuare tangata (koro) ki tetai tangata e maki Covid tona.
- E tangata tetai i roto i toou ngutuare e tiaki ra rai, i tona akairo no tona test

## Eaa te ka anoano'ia koe kia apai mai

- Me kua kite koe i toou numero Are Mati , apaina mai ki viviki atu te akateateamama'anga no toou patia.
- Apai atu i tetai katikati e tetai vai noou, e ake, e roa te tiaki'anga.
- Aao mai i tetai kakau, kia mama ua i te aronga patia, I te tae ki te te tuanga o toou tumu rima i raro ua mai i toou pakuivi.
- Kia aao te katoatoa i roto i te motoka i te paruru kapumata.
- Ka patia ia atu toou rima vaitata atu ki te maramarama, i te ngai e noo ra koe i roto i te motoka.
- Me e maata atu i te 4 tangata i roto i te motoka, ka manga taii, i te mea oki e, ko te tangata ua i te pae i te maramarama ka patia'ia. Penei e, e 4 ua rai ka rauka i te patia.
- Te vai ra rai te tupati'anga o te au motoka e ara atu i te 4 tangata i runga, ko te tupati'anga maria te reira i te mea oki e, i tetai au turanga, ka anoano'ia te tangata kia eke atu mei roto i to ratou motoka no te patia.

# Invitation to drive-through vaccination centres

Pacific peoples are invited to attend our drive-through vaccination centres.

**Park and Ride, Verissimo Drive, Auckland Airport**

8:30am-3.30pm

**The Trust Arena, 65-67 Central Park Drive, Henderson**

8:30am-3:30pm

## Book Online

1. Go to [bookmyvaccine.nz](https://bookmyvaccine.nz)
2. When prompted, enter code **SSG8TAHIGU**.

## Call to book

Call the Pacific COVID Vaccination Healthline on **0800 21 12 21**.

## Drive In

You can also just turn up in your car on the day, without a booking. Bring the code **SSG8TAHIGU** with you.

## What you need to know

- Bring your family / household bubble with you – ideally four people per car. All those aged 12 and over can be vaccinated and you don't need to be a New Zealand resident.
- Make sure there is someone else in the car with you (whether they are being vaccinated or not). If you are by yourself we won't be able to vaccinate you.
- Only come by car or a similar vehicle. You can't come by foot, bike, motorbike or truck.

### Do not attend if:

- you have symptoms of COVID-19.
- if you have visited a location of interest.
- you or a household member are a close or casual contact of a COVID-19 case.
- if you or anyone in your household are currently awaiting COVID-19 test results.

## What to bring

- If you have your NHI number, please bring it as it will make the process faster. However if you don't have it, you can still come to be vaccinated.
- Bring some snacks and water in case there is a bit of wait.
- Wear clothes that allow easy access to the top of arm where you'll get your vaccination.
- Have masks for everyone in the car.
- You'll be vaccinated in the arm that's closest to the car window.
- If you have more than four people in your car to be vaccinated, we may only be able to vaccinate those closest to the windows.
- There is a slow lane for vehicles with five or more people, but there may be a wait for this lane as you will be asked to leave your vehicle for the vaccination.

# Invitation to drive-through vaccination centres

# Drive-through vaccination journey

## When you arrive

- Please wear a mask the entire time. Please wear a mask at all times.
- Open all windows prior to vaccination
- Please remain in your vehicle the entire time.
- Please drive slowly and carefully and follow the signs.
- The vaccine is administered in your upper arm.
  - If you have chosen to receive the vaccine in your left arm, please sit on the passenger side (left side) of the vehicle.
  - If you have chosen your right arm, sit on the driver's side (right side) of the car.

1

## Registration

- A staff member will confirm your booking.
- Please remove any jackets, jumpers or other bulky clothing items.
- You will be directed to one of ten lanes. Drive slowly until you are asked to stop.

## Health Check

- Your temperature will be checked.
- You will be asked general health questions.

2

3

## Vaccination

- A nurse will vaccinate everyone in the car that is over 12 years old and would like to be vaccinated.

## Observation

- You will be directed to the observation area where you will park your car and remain for at least 20 minutes. Clinicians will monitor you for any adverse reactions.
- You will be directed when to leave.
- Keep your doors unlocked in case of an emergency.
- If you have difficulty breathing, dizziness, swelling or develop a rash: honk your vehicle's horn and turn your hazard lights on to indicate that you need medical help.

# Important things to know

Like all medicines, the vaccine may cause side effects in some people. This is the body's normal response and shows the vaccine is working.

- Side effects are usually mild, don't last long and won't stop you from having the second dose or going about your daily life.
- Side effects may be more common after your second dose of the vaccine.
- Serious allergic reactions can occur but are extremely rare. New Zealand vaccinators are trained to manage these. Some side effects may temporarily affect the ability to drive or use machinery. In the unlikely event this happens, please discuss it with your employer.

- **If you are unsure about your symptoms or they get worse**, talk to your GP or call Healthline on 0800 358 5453.
- **If you have an immediate concern about your safety**, call 111 and make sure you tell them you've had a COVID-19 vaccination so that they can assess you properly.

- **If you experience symptoms that could be COVID-19 related**, such as new continuous cough, a high temperature/fever, or a loss of or change in your normal sense of taste or smell, stay home and get a COVID-19 test.
- **If you have an unexpected reaction to your COVID-19 vaccination**, your vaccinator or health professional should report it to the Centre for Adverse Reactions Monitoring (CARM). You can also report any unexpected reactions by using their online reporting form on the CARM website: [otago.ac.nz/carm](https://otago.ac.nz/carm).

What you may feel	What can help	When this could start
Pain at the injection site, a headache and feeling tired and fatigued.  These are the most commonly reported side effects.	Place a cold, wet cloth, or ice pack on the injection site for a short time.  Do not rub or massage the injection site.	Within 6 to 24 hours
Muscle aches, feeling generally unwell, chills, fever, joint pain and nausea may also occur.	Rest and drink plenty of fluids.  Paracetamol or ibuprofen can be taken, follow the manufacturer's instructions.  Seek advice from your health professional if your symptoms worsen.	Within 6 to 48 hours

**If you are feeling unwell at any point please honk your horn and put on your hazards**

**Please wait until a staff member gives you the ok to leave**

Vaccines help protect people of all ages against other infectious diseases too, like measles and flu.

Check that you and your whānau are up to date with your vaccinations by talking with your health provider.

Visit [health.govt.nz/immunisation](https://health.govt.nz/immunisation) for more information.

You need to wait at least two weeks after your second dose of the COVID-19 vaccine before getting any other vaccines.

For the vaccine to be fully effective you must receive the second dose at least 21 days after the first, although it is recommended to have six weeks between doses

**Full protection against COVID-19 will occur approximately 7 days after your second vaccine dose**

**Please take a photo for your reference.**

If you want a paper copy of the above information, please collect as you exit.

# Border workers

## Your COVID-19 Vaccination

*Strengthen our border by protecting all of the people who work here.*

### How does the vaccination order affect me?

From 15 July it became mandatory for border workers (air and port) to be vaccinated.

### Why should I get vaccinated?

When you get vaccinated, you're not just protecting yourself. You're also doing your bit by reducing the risk of passing on COVID-19 to others.

**The COVID-19 vaccine is free, and available to you now.**

To prevent the virus coming into our communities, we must continue to strengthen our border by protecting all of the people who work here. Workers at MIQ facilities and at our borders are at the greatest risk of exposure to COVID-19.

### Who must get vaccinated?

All workers who are required to be tested for COVID-19 on either a 7-day or 14-day schedule will now also be required to get vaccinated.

#### This applies to people working at:

- managed isolation and quarantine facilities (MIQFs) and managed isolation facilities (MIFs)
- airside area of affected airports and some other higher-risk work at airports
- affected ports
- accommodation services where specified aircrew members are self-isolating.

#### It also includes people doing work:

- that involves handling affected items removed from ships, aircraft or MIQFs or MIFs, and;
- where the job is for a company that is routinely engaged to provide services for an aircraft, ship, MIQF or MIF, and;
- where the person 'has contact with' people who belong to different groups in the order.

### When do I need to be vaccinated by?

All government border workers must have had their first dose by **26 August 2021**.

Privately employed border workers must have had their first dose by **30 September 2021**.

After the dates above, any new workers covered by the order will need to have their first dose before starting work. This applies to government and private business employees.

### Where can I get vaccinated?

You can get vaccinated at any of the community vaccination centres in Auckland, at one of the many GPs offering vaccination or at a pharmacy offering vaccinations.

For a list of sites visit

**[immunisation.northernregion.health.nz](https://immunisation.northernregion.health.nz)**

For more information about the vaccine go to: **[covid19.govt.nz/covid-19-vaccines/](https://covid19.govt.nz/covid-19-vaccines/)**

### How can I book my vaccination?

You can book online by visiting **[bookmyvaccine.nz](https://bookmyvaccine.nz)**

As you work through the questions online, you'll be asked if you're in Group 1, 2 or 3. As a border worker, you are in Group 1. Please select 'yes' for this question.

You can select a location that is convenient for you and find the available appointments at that location. You can also call **0800 28 29 26** to book your vaccination.

If you need help email: **[bordersectorvaccinations@health.govt.nz](mailto:bordersectorvaccinations@health.govt.nz)**

## Why do I need to get vaccinated?

When you get vaccinated you're not just protecting yourself. You're also doing your bit by reducing the risk of passing on COVID-19 to your work colleagues, your whānau, friends and community.

**The COVID-19 vaccine is free, and available to you now.**

To prevent the virus coming into our communities, we must continue to strengthen our border by protecting all of the people who work there.

Alongside workers at MIQ facilities, workers at our ports and border are at the greatest risk of exposure to COVID-19.

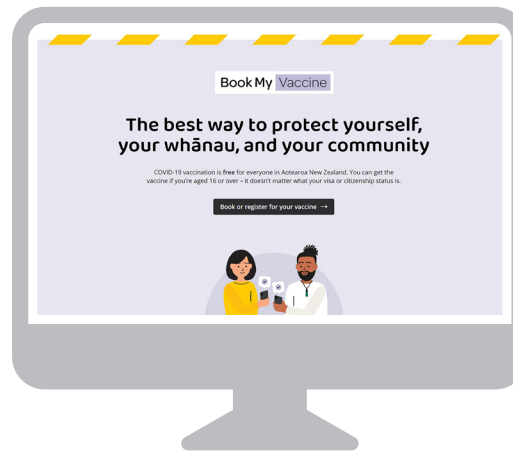

### How does the Vaccination Order affect me?

On 1 May 2021, it became mandatory for certain border workers and Government officials working at the border or an MIQ facility to be vaccinated against COVID-19.

From 15 July 2021, it became mandatory for most border workers (air and port) to be vaccinated.

This is required by new legislation. The COVID-19 Public Health Response (Vaccinations) Amendments Order 2021, which came into effect at 11:59pm on 14 July.

## How can I book my vaccination?

You can book online by visiting [bookmyvaccine.nz](https://bookmyvaccine.nz)

As you work through the questions online, you'll be asked if you're in Group 1, 2 or 3.

As a border worker, you are in Group 1.

Please select 'yes' for this question.

The system will allow you to book your vaccination appointment, and you can select a location that is convenient for you and find the available appointments at that location.

You can also call **0800 28 29 26** to book your vaccination.

# Border workers Your COVID-19 Vaccination

*Strengthen our border by  
protecting all of the  
people who work here.*

## Who must get vaccinated?

All workers who are required to be tested for COVID-19 on either a 7-day or 14-day schedule, will now also be required to get vaccinated before they perform their work.

The expanded order applies to people working at:

- managed isolation and quarantine facilities (MIQFs) and managed isolation facilities (MIFs)
- airside area of affected airports and some other higher-risk work at airports
- affected ports
- accommodation services where specified aircrew members are self-isolating.

It also includes people doing work:

- that involves handling affected items removed from ships, aircraft or MIQFs or MIFs, and;
- where the job is for a company that is routinely engaged to provide services for an aircraft, ship, MIQF or MIF, **and**;
- where the person 'has contact with' people who belong to different groups in the Order.

## When must I be vaccinated by?

All government employees must have had their first dose by **26 August 2021**.

Privately employed border workers must have had their first dose by **30 September 2021**.

After the dates above, any new workers covered by the Order will need to have their first dose before starting work. This applies to government and private business employees.

## How will the bookings work?

If you have not already been invited to book, your employer or Person Conducting a Business or Undertaking (PCBU) must enter your details in the Border Workforce Testing Register (BWTR).

The BWTR will send your details to your local district health board (DHB). They will then contact you about booking your vaccination appointments.

DHBs will prioritise bookings for affected workers who are not yet vaccinated.

If you need help email:  
**[bordersectorvaccinations@health.govt.nz](mailto:bordersectorvaccinations@health.govt.nz)**

## Where can I get vaccinated?

You can get vaccinated at any of the community vaccination centres in Auckland, at one of the many GPs offering vaccination or at a pharmacy offering vaccinations.

Check out our community vaccination sites at **[immunisation.northernregion.health.nz](https://immunisation.northernregion.health.nz)**

For more information about the vaccine go to:  
**[covid19.govt.nz/covid-19-vaccines/](https://covid19.govt.nz/covid-19-vaccines/)**

# Hello! I'm **Hard of Hearing**

It is difficult for me to understand you because I can't see your lips or facial expressions with the mask on.

- Can you please remove your mask so that I can understand you?
- I will stay 2 metres away when you speak.

# Have you booked your second dose?

The second dose increases your protection – giving you better and longer-lasting immunity than the first dose alone, so it's essential you get your second dose as soon as possible.

**It's easy and it's important!**

Just scan the QR code to the left today to make your second dose booking

(you just need to make sure it's around 6 weeks after your first)

**Or ask one of our team and they can help you make a second appointment**

## How to make your second dose booking online:

Go to [bookmyvaccine.nz](https://bookmyvaccine.nz)

Follow the prompts and make sure you check **yes** when you are asked if you have had your first dose of a COVID-19 vaccine.

- Choose a site near you
- Select a date that is 3-6 weeks after your first vaccination

---

## How to make your second dose booking by phone:

Call 0800 28 29 26 between 8:00am - 8:00pm, 7 days a week.

Let them know you have received your first dose of the COVID-19 vaccine and the date you received it and they will help you book in your second dose appointment.

# Do you want to change your second dose booking?

If you have your second dose appointment booked but would like to change the date – follow the instructions below:

- Scan the QR code
- Visit the link [app.bookmyvaccine.covid19.health.nz/manage](https://app.bookmyvaccine.covid19.health.nz/manage)
- Call 0800 28 29 26 between 8:00am - 8:00pm, 7 days a week.

Let them know you have received your first dose, the date you received it, the date of your second dose booking and that you would like to change it - they will help you make this change.

**Or ask one of our team and they can help you change your appointment**
